

Disclosure is made regarding the questions asked in Ordinary General Assembly of Pinar Entegre Et ve Un Sanayii A.Ş. dated 29.03.2016.

**Question:** We requested Pinar Forest before. What is its stage?

**Answer:** As Yaşar Group, our environmental conscience takes place both in our activities and reports actually. After, it makes some progress, we will share detailed information with our shareholders.

**Question:** What kind of activities are committed to reduce carbon emission?

**Answer:** Corporate companies like Pinar Et, signed the UN Global Compact to demonstrate the value given to the environment. The contract has a target of reducing carbon emission by 15%. We will both increase our production and reduce carbon emission via the realization of the target, our all improvements on this issue are monitored.
